Hi all,

The final EIR for the streetcar is going before Council's PLUM Committee this coming Tuesday, 2:30pm, and we'd love to have board members in attendance to show support for the project. We don't know exactly when streetcar will come up for discussion/vote because there are other big items on the agenda, but we're hoping to go early since our presentation and comment period should be relatively quick. No guarantees yet though.

The Councilmembers on the PLUM Committee other than Jose are Harris-Dawson, Cedillo, Englander, and Price, so we'd especially appreciate your attendance if you have a relationship with any of them—seeing familiar faces there to support the streetcar will no doubt carry some extra weight. Due to time constraints I'm not sure everyone will have an opportunity to speak, but if you're interested in speaking during the public comment period I'd be happy to write up some talking points.

I'll send an update once the clerk's website has the actual agenda. Hope to see many of you there!
